

Model: CBR-EX-AC Series

RICO introduces repair kits designed specifically for the **CBR-EX-AC Counterbalanced rider series lift trucks** to support preventive, regular use maintenance and repairs throughout the life of your vehicle.

- 1. Hydraulic Tank Repair Kit (Part Number: 22-003600-SA)**
Kit includes all serviceable components for the hydraulic tank. Keep your tank in top condition by replacing serviceable components such as seals, screens, magnets, and breathers.
- 2. Control Enclosure Rewire Kit (Part Number: 22-003595-SA)**
Kit includes components such as the controller harness, panel harness, and primary cable group to repair components and wiring in the electrical enclosure and ensure safety.
- 3. Power Steering Drive Repair Kit (Part Number: 22-003603-SA)**
Repair kit includes serviceable components for the power steering drive system. Kit includes chain, link and tensioner.
- 4. Pulley & Brake Tune Up Kit (Part Number: 22-003602-SA)**
Kit includes serviceable components for the pulley and brake system. This includes the brake and rotor as well as a drive belt for the pulley system.
- 5. Electrical Repair Kit (Part Number: 22-003601-SA)**
Kit includes components such as EX barriers, relays, fuses and contractors to replace and repair components on the electrical panel to ensure EX compliancy and safety.
- 6. Pump Enclosure / Motor Hardware Kit (Part Number: 22-003611-SA)**
Comprehensive kit includes all hardware for the pump enclosure and the motor to ensure the correct bolts are readily available with clean threads to ensure safety, flame path, and eliminate damage to the enclosure or its components.
- 7. Termination / Connector Kit (Part Number: 22-003613-SA)**
Kit includes all sockets, pins and connectors for various wiring on your unit. This kit allows for service or repairs of electrical wiring without replacing the complete harness or wireway.
- 8. Graphics Kit (Part Number: 22-003614-SA)**
Kit includes a pack of non-EX compliance truck labels that are frequently worn, torn or misplaced during standard operation.
- 9. Mineral Insulated (MI) Cable Kit (Part Number: 22-003598-SA)**
Kit includes a complete set of the truck's MI cables that safely distribute hazardous power of the truck. Kit includes cables for traction motor, pump motor, sensors, BDI.
- 10. Control Enclosure / Panel Hardware Kit (Part Number: 22-003604-SA)**
Comprehensive kit includes all hardware for the electrical control enclosure to ensure the correct bolts are readily available with clean threads to ensure safety, flame path, and eliminate damage to the enclosure.
- 11. Traction Enclosure / Motor Hardware Kit (Part Number: 22-003610-SA)**
Comprehensive kit includes all hardware for the traction enclosure and the motor to ensure the correct bolts are readily available with clean threads to ensure safety, flame path, and eliminate damage to the enclosure or its components.

Be your customer's first call — build your parts inventory with OEM repair kits developed specifically to support RICO custom lift trucks

THIS IS THE RICO ADVANTAGE!

- ✓ Increase customer response time
- ✓ Reduce customer downtime
- ✓ Avoid risk of supply shortages and backorders
- ✓ Improve customer satisfaction
- ✓ Reduce maintenance time
- ✓ Protect against rising costs
- ✓ Avoid expediting fees
- ✓ Confidence in having the right parts and tools for your truck
- ✓ Complete kits for plug-n-play quick repairs
- ✓ OE components
- ✓ Hardware kits for common wear components

Take advantage of our lowest price and fastest lead times — add repair kits to your PO at the time of order and we will ship your repair kits with your truck!
